

# CLEEVE QUALITY POLICY

---

The quality policy is satisfied when our objectives are achieved. Key Performance Indicators (CTI-205-KPI List) are subject to change when reviewed periodically and when better performance is possible. The Quality Policy for Cleeve Technology Incorporated can be captured as:

- *Cleeve provides innovative quality designed products and services that meet our customer's expectations.*
- *Achieved by partnering with our customers, suppliers and employees.*
- *Accomplished at fair value to all.*
- *To review and implement continual improvement activities for the purpose of improving Cleeve, to support a better product and service for our customers.*
- *Conducting business in an ethical manner*
